To Whom It May Concern:

On behalf of COMPASS (Sexual Assault Education, Prevention & Support), we are pleased to provide a letter of support for Goodwill Industries of Greater Cleveland and East Central Ohio's grant application. As a community partner located at The Ken Weber Community Campus at Goodwill, we recognize the importance of this facility as a center for services and care to those in need in our community.

COMPASS, serving Tuscarawas, Carroll and Stark Counties, is dedicated to promoting the healing of individuals impacted by sexual violence and creating social change. We provide comprehensive, free services that address the needs of sexual assault victims. These services include: support at the hospital after an assault, a 24-hour crisis line, justice support advocacy and trauma counseling. We also provide prevention education to our youth and young adults.

As one of the 20+ agencies that call The Ken Weber Community Campus at Goodwill home, we see first-hand how individuals in need can easily access much-needed support and vital services including access to food, low-cost/free prescriptions, medical care, mental health services, employment programming, parenting supports, rape crisis services and much more.

We are proud to support Goodwill Industries of Greater Cleveland and East Central Ohio and look forward to working with them in the future to expand services to vulnerable populations in our community.

Sincerely,

To Whom It May Concern:

On behalf of The Sisters of Charity Foundation of Canton, we are pleased to provide a letter of support for Goodwill Industries of Greater Cleveland and East Central Ohio's grant application. As a community partner that has worked with Goodwill through the years, we recognize the importance of the Campus facility as a center for services and care to those in need in our community.

Our Foundation was an initial funder of the Community Campus and supports many of the nonprofit partners in the facility with funding, as well. The Sisters of Charity Foundation funds agencies in our community that support the poor and underserved, which is exactly what the Campus facility is doing with its one-stop concept of safety net services and more. The 20+ agencies that call The Ken Weber Community Campus at Goodwill home serve thousands of individuals in need with much-needed support and vital services including access to food, low-cost/free prescriptions, medical care, mental health services, employment programming, parenting supports, rape crisis services and much more.

We are proud to support Goodwill Industries of Greater Cleveland and East Central Ohio and look forward to working with them in the future to expand services to vulnerable populations in our community.

To Whom It May Concern:

On behalf of the American Red Cross, we are pleased to provide a letter of support for Goodwill Industries of Greater Cleveland and East Central Ohio's grant application. As a community partner located at The Ken Weber Community Campus at Goodwill, we recognize the importance of this facility as a center for services and care to those in need in our community.

The American Red Cross provides cash assistance, comfort kits, health services, and homemade quilts following the devastation of a home fire, and we install free lifesaving smoke alarms. We collect over ½ of the country's blood supply, and in our community, we have collected over 11,000 pints of blood in the past 8 months. Red Cross provides emergency communication between service members and their families, and we also offer resiliency workshops to our veterans and active service members, free of charge.

As one of the 20+ agencies that call The Ken Weber Community Campus at Goodwill home, we see first-hand how individuals in need can easily access much-needed support and vital services including access to food, low-cost/free prescriptions, medical care, mental health services, employment programming, parenting supports, rape crisis services and much more.

We are proud to support Goodwill Industries of Greater Cleveland and East Central Ohio and look forward to working with them in the future to expand services to vulnerable populations in our community.
